Vice President and Chief Administrative Officer: Charles R. Reuning

The Division of Administration is responsible for the university's 1,352-acre physical environment, including over 14 million square feet of facilities; and provides a variety of administrative services in support of the university's mission. More than 1,100 full-time staff members ensure a safe, well-maintained and clean environment; facilitate planning for the future of the campus and manage construction; support transportation demand management; manage the real estate needs of the university; and support the university's more than 10,000 staff and faculty members.

Our operations include: Environmental Safety, Sustainability & Risk; Facilities Management; Public Safety; Real Estate; Transportation Services; and University Human Resources.

Of particular interest to students are the services and resources offered by Public Safety/Campus Police; campus programs related to sustainability and climate action; and services offered by Transportation Services (parking, Shuttle-UM, and Smart Commute).
